DO NOT HIDE YOUR FACE (NU ITI ASCUNDE FATA)

There s no place good in this world
To hide your face crossed by sword
To hide the poison in every word
To hide every covenant you sworn
I saw that from your childhood age
You wrote dark lies on every page
Made mad scenarios in final stage
Presented reality distored strange
Every friend told me about you
That you speak lies nothing true
I realized there s nothing to do
To be like us to be normal too
Look in the mirror at your face
See inner tears of big disgrace
See hidden feelings every place
See wrong emovement eyes race
Turn your back against the walls
Raise your cried face love calls
We are yet humans not animals
Even your eyes are break jewels
I saw that in your school age times
Your face had eyes like old wines
A moment if you watch their vibes
I may get drunk but my heart cries
All neighbours told me that time
You are sick sweet friend of mine
Make from things of nothing pride
Make all your life a seek and hide
Look in the mirror at your back
See your shapes ar put in stack
See your standing like a wrack
Even the walls behind have shock
Then slow turn face against mirror
See the despair of your life horror
The lack of fulfillment and sorrow
